Grantsville, Utah 84029

Dear Mr. Johnson:

Re: Review of Notice of Intention to Commence Large Mining Operations, Grantsville Quarry, M/045/028, Tooele County, Utah

The Division has completed its initial review of your permit application, received July 7, 1989, for Chemstar, Incorporated's Grantsville Quarry. We have prepared a draft review letter which we hope to discuss with you during our scheduled inspection. We will postpone finalizing this technical review letter until we have had an opportunity to inspect your minesite firsthand. This will give us an opportunity to observe, discuss and perhaps clarify some of the preliminary questions and technical concerns we have with your application.

We are scheduled to meet with you at 9:00 AM, on August 15, 1989, to perform an onsite inspection of the Grantsville Quarry. Please contact me at your earliest convenience if you cannot arrange your schedule accordingly. Thank you for your understanding and cooperation in completing this permitting action.

Sincerely,

D. Wayne Hedberg
Senior Reclamation Specialist/
Hydrologist
